CCP ADOPTS MEASURES TO PREVENT
RADIO RECEPTION OF FOREIGN NEWS

Travelers from Chao-ch'ing report that the Chinese Communist authorities in Chao-ch'ing have enforced measures to prevent the people from listening to foreign radio news reports and from discussing current news subjects. Since the enforcement, rumors that the third world war has already started in Korea have been quite prevalent.

At present, all residences having receiving sets must register them, and such receiving sets must be installed by doorways so that people passing by may hear the programs.

It has been reported that plainclothesmen have been placed on duty to listen to street conversation and to what people are listening to on their radios.
